#### What counts as close contact?

- within 6 feet of someone who has Covid-19 for a total of 15 minutes or more over a 24 hour period
- you provided care to someone who is sick with Covid-19
- you had direct physical contact with the person
- you shared eating or drinking utensils with the person
- they sneezed, coughed, or somehow got respiratory droplets on you

#### Quarantine is not necessary for contact with someone with Covid-19 who meets the following criteria:

- has Covid-19 within past 3 months AND
- has recovered AND
- remains free of Covid-19 signs and symptoms
